

"America Thru Song"

TWIN Lobsters at the Summit View Pavilion, Holyoke, MA

**Tuesday,
July 24, 2018**

This show is a musical tribute to many of the great states that Jimmy has visited and performed in over the years. This highly entertaining and very diverse show starts right near his hometown in Western Massachusetts and travels to New York City, New Jersey, Philly and Steubenville Ohio, then it's on to Motor City Detroit Michigan for a stop in Motown, on to Chicago, Branson, Las Vegas and out to Hollywood, California. As we make our way back east you'll hear great songs that represent stops in Cottonwood Falls Kansas (*Ahhh, you may have to look this one up*), Memphis, Nashville and tropical Key West Florida. Then it's all the way back up the east coast to end up in Boston Massachusetts. This show is sure to bring back memories and create a new memory with an upbeat selection of songs from around our great country. You won't want to miss this show!
